NEW BRUNSWICK YOUNG FARMERS FORUM

2018 Annual Conference and Business Meeting

“New Brunswick's Young Farmers: The Next 10 years in Agriculture”

It's hard to believe that the New Brunswick Young Farmers Forum is already 10 years old. A lot can happen during that short amount of time: market development, food evolution, technological advancement, and farmland succession. With young agricultural producers gaining more and more agency in the sector, it's important to keep striving for support programs and leadership opportunities. By building a solid foundation for young farmers to stand on, we ensure the sustainability and advancement of New Brunswick's agricultural sector.

The 2018 New Brunswick Young Farmers Forum will focus on how to attract new or young workforce in the industry and how to plan for a proactive succession. This year's event will be held on January 19th & 20th, 2018, at the Crowne Plaza Beaverbrook Hotel in Fredericton, NB. A block of rooms has been reserved for those who require overnight accommodations under NBYFF.
